Job Requirements: Minimum Qualifications

Skills, Knowledge and Abilities
SKILLS are required to perform multiple tasks with a potential need to upgrade skills in order to meet changing job conditions. Specific skill-based competencies required to satisfactorily perform the functions of the job include: operating equipment used in vehicle maintenance and repair; adhering to safety practices; handling hazardous materials; and preparing and maintaining accurate records.

KNOWLEDGE is required to perform basic math, including calculations using fractions, percents, and/or ratios; read a variety of manuals, write documents following prescribed formats, and/or present information to others; and solve practical problems. Specific knowledge-based competencies required to satisfactorily perform the functions of the job include: methods of maintaining vehicles/heavy equipment; methods of storage and removal of hazardous materials; provisions of the California State Motor Vehicle Code and the Education Code applicable to the operation of vehicles transporting students; and safety practices and procedures.
ABILITY is required to schedule activities and/or meetings; collate data; and consider a variety of factors when using equipment. Flexibility is required to work with others; work with data utilizing specific, defined processes; and operate equipment using a variety of standardized methods. Ability is also required to work with a wide diversity of individuals; work with similar types of data; and utilize a wide variety of types of job-related equipment. Some problem solving may be required to identify issues and select action plans. Problem solving with data may require independent interpretation; and problem solving with equipment is moderate to significant. Specific ability-based competencies required to satisfactorily perform the functions of the job include: adapting to changing work priorities; communicating with diverse groups; meeting deadlines and schedules; setting priorities; and working with constant and sustained interruptions.

Responsibility
Responsibilities include: working under limited supervision following standardized practices and/or methods; providing information and/or advising others; and operating within a defined budget. Utilization of some resources from other work units may be required to perform the job's functions. There is a continual opportunity to impact the organization's services.

Working Environment
The usual and customary methods of performing the job's functions require the following physical demands: significant lifting, carrying, pushing, and/or pulling; frequent climbing and balancing; significant stooping, kneeling, crouching, and/or crawling; and significant fine finger dexterity. Generally the job requires 15% sitting, 15% walking, and 70% standing. The job is performed under some temperature extremes and under conditions with some exposure to risk of injury and/or illness.

Experience
Job related experience is required.
